

**CERTIFICATE IN LAW AND REGULATION OF INCLUSIVE FINANCE**

## Lonely Ephraim Mahuni, 45 years, Zimbabwe

The Certificate in Law and Regulation of Inclusive Finance was a two-week rigorous course with very wide, in-depth, practical and encompassing real industry models. Apart from gaining the much-needed knowledge, it has equipped me with courage and skill to launch my Microfinance startup. With this, I will further financial inclusion through Fintech to serve the unbanked bearing in mind that there is more smart phone holders than bank account holders in the rural community. I had an opportunity to network with likeminded experts and we are open to professional collaboration and research.

Attending the Certificate in Law and Regulation of Inclusive Finance at the University of Luxembourg was an enlightening experience where I was able to meet domain experts covering various aspects of financial inclusion. In addition to a number of topics briefed during the sessions, the ones I liked most and that were new to me as well included Responsible Finance, Islamic banking and above all, the Green Finance. I appreciate the way the course was administered especially the exercises that were conducted to give participants practical knowledge in a short span of time. A memorable experience both for the experts in financial inclusion as well as for those who plan to build their career while promoting financial inclusion and excel.

This course has been very inspiring and I'm really feeling delighted to have been able to be a part of this and try to continue with the wave approach on society with this positive technique. Since my professional background also includes dealing with the Financial Inclusion, therefore, I have tried putting up my experience from the course in the practical situations (day to day life) and trust me it has started developing my personality and confidence. This incredible change in my life has made me more popular among my family and friends.

**In one word, I would like to conclude as “*FANTASTIC*”!**
