

## TEACHERS

The programme's teaching staff brings together internal University of Luxembourg academics and external experts from other universities as well as practitioners, such as inclusive finance field workers, lawyers, accountants and representatives of inclusive finance institutions. Beyond the core staff, other experienced faculty from the following institutions will teach classes:

- ADA
- European Investment Bank Group staff
- Law and auditing firms with IF experience

## WHAT STUDENTS SAY

The two-week program was productive and insightful because it has facilitated a lot of exchanges and discussions on topics within the financial inclusion ecosystem. It did not only cover theories and concepts, but also tackled practical solutions and real experiences. The varied experiences shared by my colleagues in the program has steered a good discourse on country-specific contexts and work on financial inclusion. All of these knowledge and learnings have definitely contributed to strengthening my work with the Microfinance Council of the Philippines, Inc.

**Anna Ria Manahan, 37 y.o., Philippines**

First of all, the contents of courses was rich, focus and straight to the points. Topics covered by courses fitted with professional position assignments. This then helped me to become unpowered to become more professional and more efficient in my daily job.

Because I became more professional and meaning maker, this make me more confident not only in my professional life, but also in my daily life”

**Hermann Ahouandjinou, 41 y.o., Benin**
