## **EVENTS**

Invitation-only Roundtable Discussion on “Global Economic and Geopolitical Outlook”, British Embassy, Luxembourg (2025).

Presentation of Luxembourg’s National AI Strategy, Ministry of State, Luxembourg (2025).

## **RESEARCH PROJECT**

I study how artificial intelligence is transforming financial markets and global economic strategy. Using advanced AI trading-bot modeling and simulations, together with AI-driven forecasting and game-theoretic geopolitical analysis, I examine how the accelerating AI transformation reshapes market outcomes, systemic risk, long-run GDP, and broader socio-economic dynamics.
