Quick Start Guide to Enable Participation via Smarty+

Opening the application

Step 1 – Open the Smarty+ App Open the Smarty+ application on your device, tap on the **Connect** icon at the bottom of the screen, and then press the blue **Discover service opportunities** button to proceed.

Choosing your dongle

Step 2 – Select Your Dongle

On the next screen, you will see a list of dongles available for connection. Select the dongle you wish to use from this list to continue.

← My Smartbirds dongles

Select dongle

Services are linked to a specific dongle. Depending on the dongle supplier the available service opportunities may vary.

Finding our service

Step 3 – Find LetzPower

After choosing your dongle, navigate to the Available Services section where you will find LetzPower! listed. Tap on LetzPower to move to the activation page.

Before we start

LetzPower! is an innovative research initiative funded by the Fondation Enovos, designed to accelerate the decarbonisation of Luxembourg's energy system. Our mission? To help consumers across the country make smarter, more sustainable energy decisions - right from home. You'll receive hourly electricity price signals, along with insights into the carbon footprint and local generation shares of your electricity. This simulates a dynamic electricity tariff, giving you a real-time view of how your energy use impacts your wallet, Luxembourg, and the planet.

Terms & Conditions

Instructions

Activating LetzPower! - After registering in the LetzPower! app, you can easily activate LetzPower! as a third-party service provider here in the marketplace. To do this, fill in the same email address and password you used to create your LetzPower! account.

Permissions

- electricity identity
- electricity produced energy aggregation
- electricity consumed energy aggregation

Please fill out all mandatory fields with a star to activate this subscription

LetzPower!

LetzPower! empowers you to take control of your energy use with real-time prices and carbon insights - helping you save money and the planet, all from home. Make smarter, greener choices every hour of the day.

Confirming activation

Step 4 – Confirm Activation

On the activation page, read the Before we start section and the **Terms and Conditions** with **Instructions** and **Permissions**. Then enter your LetzPower **email** and **password**, enable the slider to accept the terms, and tap Confirm to complete activation.

You're all set!

You've successfully activated LetzPower! in your Smarty+ app. You're now ready to participate and help shape the energy future of Luxembourg.

We'll keep you updated — stay tuned!

Guide de démarrage rapide pour activer votre participation via Smarty+

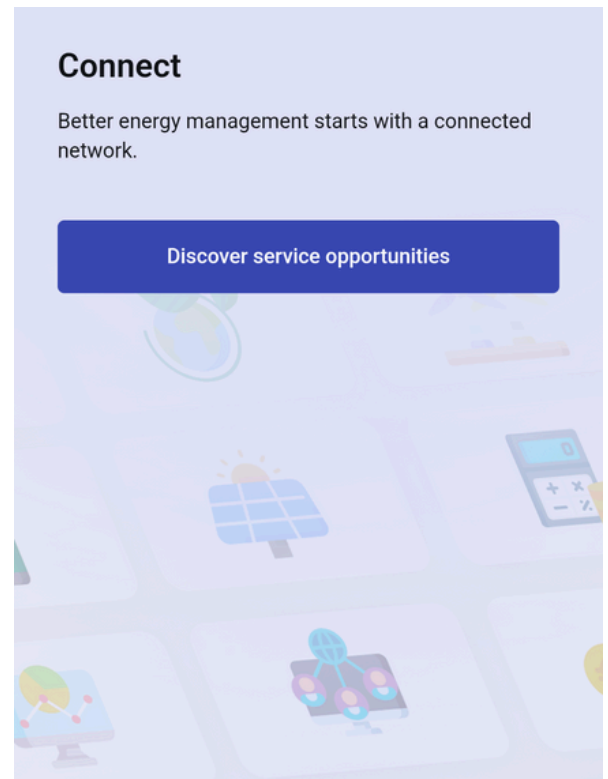

Français

Étape 1 – Ouvrir l'application Smarty+

Ouvrez l'application Smarty+ sur votre appareil, touchez l'icône **Connecter** en bas de l'écran, puis appuyez sur le bouton bleu **Découvrir les opportunités de service** pour continuer.

Étape 2 – Sélectionner votre dongle

Sur l'écran suivant, une liste de dongles disponibles s'affiche. Sélectionnez celui que vous souhaitez utiliser pour continuer.

Étape 4 – Confirmer l'activation

Sur la page d'activation, lisez la section **Avant de commencer** ainsi que les **Conditions générales** avec les rubriques **Instructions** et **Autorisations**. Saisissez ensuite votre adresse e-mail et votre mot de passe LetzPower, lisez attentivement puis acceptez les conditions, puis appuyez sur **Confirmer** pour finaliser l'activation.

C'est fait !

Vous avez activé avec succès LetzPower! dans votre application Smarty+. Vous êtes maintenant prêt à participer et à contribuer à façonner l'avenir énergétique du Luxembourg.

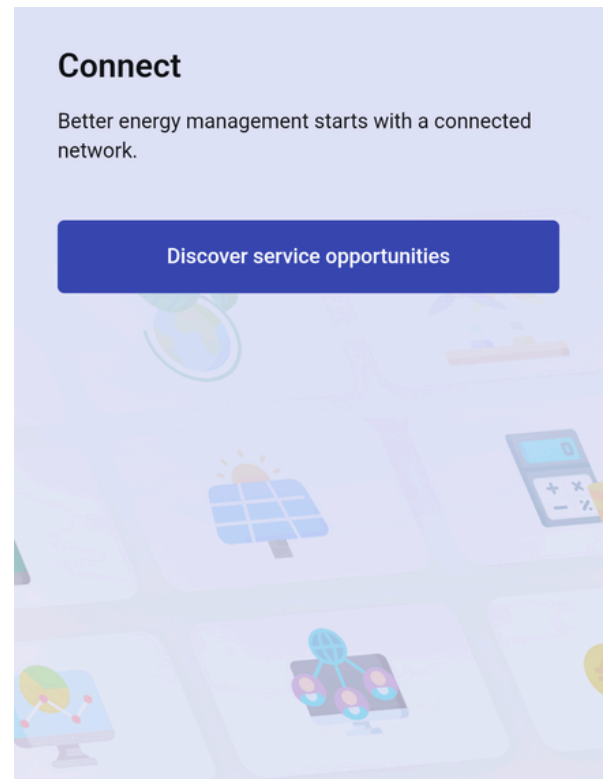

Nous vous tiendrons informé — restez à l'écoute !

Deutsche Schnellstartanleitung zur Teilnahme via Smarty+

Deutsch

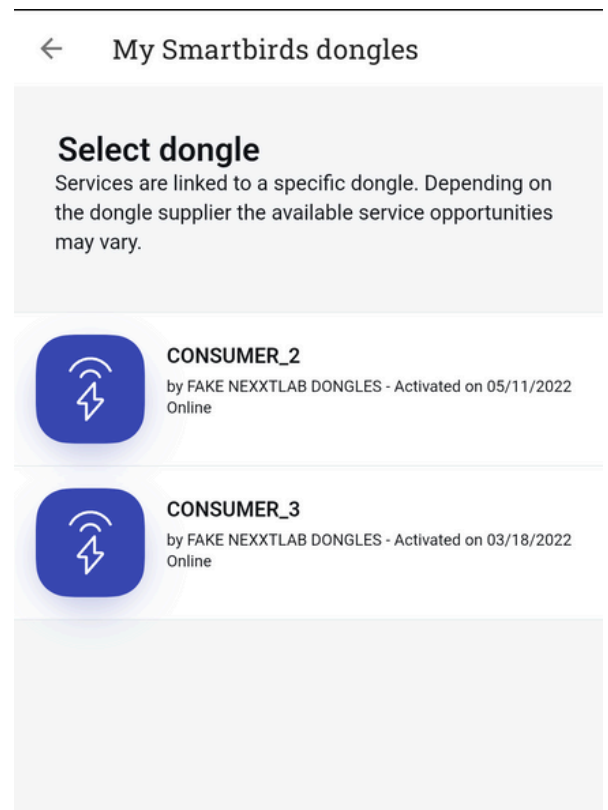

Schritt 1 – Öffnen Sie die Smarty+ App

Öffnen Sie die Smarty+ App auf Ihrem Gerät, tippen Sie unten auf das **Verbinden**-Symbol und drücken Sie dann die blaue Schaltfläche **Serviceangebote entdecken**, um fortzufahren.

Schritt 2 – Wählen Sie Ihren Dongle aus

Auf dem nächsten Bildschirm sehen Sie eine Liste der verfügbaren Dongles. Wählen Sie den Dongle aus, den Sie verwenden möchten, um fortzufahren.

Schritt 3 – Finden Sie LetzPower

Nachdem Sie Ihren Dongle ausgewählt haben, gehen Sie zum Abschnitt **Verfügbare Dienste**, wo Sie LetzPower finden. Tippen Sie auf **LetzPower**, um zur Aktivierungsseite zu gelangen.
