

## **Admission Requirements Business Management**

To be able to enroll for the programme in Business Management you need to hold a Master in Economics, Finance, Econometrics, Management, Business Administration with a strong quantitative or qualitative background ; alternatively, a Master's degree in Math, Physics, Engineering or Social Sciences (sociology, psychology, etc.) can be considered.

Each candidate needs to be admitted in the doctoral school before the finalizing of the enrollment. Once a professor agrees on hiring a candidate PhD, he/she informs the DSEFM and an admission committee reviews the file based on the following documents:

1. Curriculum Vitae
  2. Transcript/certificate of all master studies (including Research Master or similar)
  3. Research project (2 pages) or research title
  4. Motivation letter
  5. Proof of funding (e.g. email FNR, University, or other)
  6. Proof of PhD supervisor at DSEFM (e.g. email from supervisor)
  7. TOEFL or other proof of significant level of English
- All of these forms need to be sent by email in one **unique pdf** file to **dsefm@uni.lu**, other formats will not be taken in account.
