Welcome and support services
Our Student Department SEVE provides services to offer you support and advice throughout your time at the university.

Student accommodation
The majority of the University of Luxembourg's student housing is located in the southern region of the country near Belval Campus. Additional halls of residence are located around Luxembourg City. Currently, the University has a total of 1,900 rooms and studio apartments available in 32 halls of residence.

Language Centre
The Language Centre offers general, academic and vocational courses in French, German, English and Luxembourgish for students and University staff.

Sports and Well-Being
The Office of Student Life offers a variety of sports classes and well-being workshops to help students improve their physical and mental well-being outside the classroom. This offer is free for all students.

Arts and culture
The ' Arts culture' office runs various cultural events and activities, including Open Stage formats, student theatre and music groups, the University Choir and free of charge arts workshops.

Students and society
Being multilingual
The University of Luxembourg is a multilingual university. Most of our programmes are bilingual (French-English or French-German), some are even trilingual or taught entirely in English.

Having an open mind
We strongly encourage student mobility and all our Bachelor students must spend one semester abroad. The University of Luxembourg is an active partner in the European ERASMUS+ Programme and has signed a series of agreements with partner universities all over the world.

Being well-connected in the world of work
As a student, you will be able to take advantage of the excellent connections with the financial centre, employers, industry and public institutions in Luxembourg. The University of Luxembourg is an active partner in the European Erasmus+ Programme and has signed a series of agreements with partner universities all over the world. Language skills and a willingness to be open-minded are rewarded by degree qualifications which give our students undisputed advantages in the global labour market.

Having a unique university experience
Much of our teaching takes place in small classes or seminars. You will receive personal supervision and individual mentoring. Our students are encouraged to take an active part in lectures, classroom debates and discussions.
