# WORD OF THE RECTOR

*Dear University of Luxembourg graduates,*

PROF. JENS KREISEL  
Rector

On behalf of the entire University of Luxembourg community, I warmly congratulate you on your well-deserved diplomas. Your success fills us all with immense pride.

Whether you obtained a Bachelor's, a Master's or a PhD degree, the University of Luxembourg is now firmly anchored in your memories and will always feature on your curriculum vitae. I take this opportunity to extend our heartfelt thanks for the trust you have placed in our University over the years.

I express gratitude to all professors, lecturers and administrative staff who have taught, guided and looked after you during your time here. Special thanks also to your families, partners and friends for their unwavering support along the way.

Notre Université est une institution d'enseignement et de recherche reconnue internationalement pour son excellence académique. Notre communauté de plus de 10 000 étudiants et membres du personnel et de plus de 19 500 diplômés au total contribue à bâtir un avenir plus solide pour le Luxembourg et pour le monde.

Vous, nos diplômés, constituez cet avenir. Vous serez le moteur de la transformation numérique et énergétique. Vous développerez la médecine et les systèmes de santé publique. Vous vous engagerez pour la protection du climat. Vous façonnerez notre société et préserverez notre démocratie. Tels sont les grands défis de notre époque, sur lesquels se concentrent notre recherche et notre enseignement. Ce sont également les défis pour lesquels nombre d'entre vous s'engageront dans leur carrière professionnelle.

Liebe Absolventinnen und Absolventen, mit der Entscheidung für ein Studium oder eine Promotion in Luxemburg haben Sie auch der Region einen Dienst erwiesen. Mehr als 50 Prozent von Ihnen bleiben nach Abschluss des Studiums im Großherzogtum und unterstützen mit Ihrem Talent Wirtschaft und Gesellschaft.

Wir würden uns sehr freuen, wenn Sie mit uns auf Dauer in Kontakt blieben. Luxemburg braucht gut ausgebildete junge Menschen mit ebenso kreativem wie kritischem Geist. Inspirieren Sie andere, engagieren Sie sich in unserem Alumninetzwerk, werden Sie Botschafter für die Universität und das Großherzogtum!

*I wish you success and happiness in your career. You will always be part of the University of Luxembourg's community.*

*Dear Graduates,*

A graduation ceremony marks the end of an intense and rewarding journey, a journey filled with discovery, effort, and perseverance. You have faced challenges, moments of doubt, and moments of joy. Through it all, you have shown courage, determination, and intelligence. My warmest congratulations on reaching this milestone.

By earning your degree, you have not only acquired knowledge and skills, but also a way of thinking, an ability to understand complexity, to question what seems obvious, and to act with responsibility and integrity. These are the qualities our world needs more than ever in an age where quick fixes often replace thoughtful reflection.

As you step into the next chapter of your life, keep nurturing curiosity and creativity. Let your imagination guide you as much as your reason. As Albert Einstein once said, "Logic will get you from A to B. Imagination will take you everywhere." Dare to dream, to innovate, to take risks, and to make your own path. The future belongs to those who dare.

Dear Graduates, the University of Luxembourg is immensely proud of you. You are the best ambassadors of what our institution stands for: excellence, openness, and a commitment to shaping a better world. The University needs your energy, your vision, and your voice. Stay connected with us, share your experiences, and continue to make the UL community stronger.

We warmly invite you to join our Alumni network, which is your gateway to continued collaboration, exchange, and mutual inspiration. Congratulations once again. Go forward with confidence, curiosity, and joy and never forget: the University of Luxembourg takes pride in your success and faith in your future.

*Good luck, and above all, be happy.*

PROF. PHILIPPE HILIGSMANN

Vice-Rector for Academic  
and Student Affairs

# ALUMNI

*Dear 2025 Graduates,*

You are now alumni of the University of Luxembourg! Graduation is not the end; it is in many ways only the beginning. You were students for a few years but will be alumni for the rest of your lives.

The place to be for alumni news and events is our alumni platform, which consists of the alumni mobile app, available in your app store of choice, and the dedicated alumni website. If you are not yet a member, click on the logo to register now.

**ANDY ADAMS**  
Alumni Relations Specialist

So, what can you expect when you become a member? Access to the GradPack, an exclusive package of benefits offered to new graduates to help you get started in the professional world. Highlights of the GradPack include:

- AlumniID (@alumni.uni.lu email address and identifier)
- continued access to the Career Centre and Job Teaser and discounts from the Confucius Institute and Competence Centre
- discounted or free subscriptions to Luxembourg Times, Tageblatt, Le Quotidien, Paperjam, and Delano
- free or discounted memberships with multiple Chambers of Commerce, cultural and professional organisations

Our alumni are the third pillar of the University community, along with the students and staff, and are now included in many annual University events, such as Open Day, Welcome Day, Rentrée Académique, the Kulturlaf and ING Marathon teams. Alumni are invited back throughout the year to participate in panel discussions and other events for their study programmes. Highlights of alumni events in 2025 included a role-play game at the European Parliament and the second annual Alumni Summer Party.

As new alumni, you can give back to your university, which you do by becoming a member of the Alumni Network, and by completing the Employability Survey, which you received at the beginning of Graduation Week. To recognise that giving back, together with the Student Delegation, we have established the 2025 Class Fund, which will benefit cancer research at the University. For every graduate who registers for the Alumni Network, and for every graduate who completes the survey, the Alumni Network will donate €5 to the Class Fund.

Congratulations on your graduation! Stay engaged, join the Alumni Network if you haven't already done so, and play your part in building this network in the years to come.

P.S. And watch your student email inboxes during December, as attendees of the Graduation ceremonies will receive a link to a special video gift from the Alumni Network of your moment on stage

# AWARDS

# FACULTY OF SCIENCE, TECHNOLOGY AND MEDICINE

PROF. JEAN-FRANCOIS MICHEL  
Directeur des Etudes Spécialisées en  
Médecine Générale

PROF. MICHAEL HENKA  
Directeur des Etudes Spécialisées en  
Neurologie

PROF. SOPHIE SERVAIS  
Directrice des Etudes Spécialisées en  
Oncologie Médicale

Chères consœurs, chers confrères,

Au nom des comités de formation des DES de médecine générale, de neurologie et d'oncologie médicale, nous vous adressons nos plus sincères félicitations pour l'accomplissement de votre spécialisation à l'Université du Luxembourg.

Les membres du comité, vos enseignants et vos maîtres de stage espèrent avoir pu vous transmettre les connaissances et le savoir-faire nécessaires pour vous épanouir pleinement dans la suite de votre parcours médical. Nous tenons également à vous remercier pour l'engagement envers les patients dont vous avez fait preuve tout au long de votre formation clinique et nous réjouissons de voir des médecins de votre qualité renforcer les rangs de notre profession. Votre contribution future sera d'ailleurs cruciale pour le bon fonctionnement d'un système de santé luxembourgeois qui fait face à de nombreux défis.

Cette année marque une étape singulière pour l'Université du Luxembourg : il s'agit de la première promotion rassemblant les trois DES en médecine générale, neurologie et oncologie médicale. Ce moment fondateur ouvre la voie à une collaboration interdisciplinaire renforcée, indispensable pour affronter la complexité croissante de la médecine contemporaine. Nous nourrissons l'espoir que les liens tissés entre vos disciplines au cours de ces années de formation continueront à se développer, au bénéfice d'une pratique médicale intégrée, collégiale et toujours centrée sur le patient.

Au nom de notre institution, nous vous remercions d'avoir choisi l'Université du Luxembourg pour votre troisième cycle d'études supérieures et surtout d'avoir enrichi notre quotidien clinique et académique par votre présence, votre curiosité et la qualité de nos échanges. En rejoignant désormais les rangs des diplômés de l'Université du Luxembourg, nous espérons que vous deviendrez des ambassadeurs de notre institution et que vous continuerez à vous engager à nos côtés – comme maître de stage, enseignant ou chercheur – afin de faire grandir les futures générations de médecins !

Avec nos très vives félicitations et nos cordiaux sentiments confraternels !

# FACULTY OF SCIENCE, TECHNOLOGY AND MEDICINE

PASCAL BOUVRY  
Dean Faculty of Science,  
Technology and Medicine

Dear graduates,

It is a great honour to address you at this year's graduation ceremony and to welcome your family and friends on this very special occasion. You are now ready to go from student to graduate of the University of Luxembourg.

We, your instructors who have followed you through your studies here, are very proud of your achievements, and you should be proud, too. Those years of study were certainly not always easy and, to succeed, you had to work hard but also to be organised, careful and smart. You are probably quite different from the person you were when you entered the university. You have acquired deep knowledge and skills in your field, but also learned essential values such as rigour, critical thinking, intellectual honesty and integrity which are the foundations of science and technology.

In addition, you have expanded your curiosity, creativity and imagination, qualities which are always needed to solve problems in all scientific and technological enquiries.

I am also convinced that your years here brought you marvelous moments of friendship and gave you those precious occasions to expand the breadth and depth of your interests. Moreover, you have certainly developed a taste for learning and discovery, that you will pursue whether through further studies or by building on the experience that your future personal or professional endeavours will bring you.

As a graduate, you are now an ambassador of the University of Luxembourg wherever your journey takes you. We warmly welcome you to our alumni community and hope to see you on many occasions in the future.

## BACHELOR

### BACHELOR EN MÉDECINE

ALAN Dilyara - CANO Chloé - CLARO TEIXEIRA Gilberto Jamal - CORREIA RIBEIRO Manuel Simão - DA COSTA Victoria - FAUTSCH Joé - FLOR DOMINGOS Soraya - FRANK Cosima - GEIBEN Olivier - GÖTZ Anna Margit - HAU Lisa - JESUS COIMBRA Mariana Cristina - JODAIRI SABER Mohammad - KOZAR Almina - KYSILENKO Noah - MACK Claire - MANGANARO Mathieu - MATOS SIMOES Laura - MENDES GONÇALVES Samuel - MEBERSCHMIDT Jenyfer Juliana Anneliese - MUNCH Elisa Marie - PANAYOTOPOULOS Christina Maria - PAPUC Bianca Elena - PEREIRA CARRASCOZA Fernando - PETNGA Lou Nkohni Nsi - PLONTZ Eloïse - R'BIAA Sophya - REEFF Ben Maurice Paul - RUCKERT Jil Olivia Lucie - SIBAUD Alice Monique Janina - STRAUS Jana - VAN DYCK Léna - VICENTE SANTANA Joana - ZINGRAFF Clara Pierryna Sonya Nicole Emeline

# FACULTY OF LAW, ECONOMICS AND FINANCE

KATALIN LIGETI  
Dean, Faculty of Law, Economics  
and Finance

Dear graduates,

I would like to personally welcome you and your guests to the 2025 FDEF graduation ceremony. Today, we reflect together on your time as a student at the University of Luxembourg, but we also look towards the exciting new challenges that lie ahead.

After this ceremony, you will leave the auditorium with your diploma in hand. It is much more than a piece of paper. Your diploma represents years of dedication, late nights, and personal growth. Whether you completed a Bachelor, a Master, or both, your achievement is truly commendable. You can be proud!

The future is, by nature, uncertain. The events of the recent past have done little to prove otherwise. However, by choosing to pursue higher education, you contribute actively to building and bettering our world. Now, more than ever, we need bright minds to innovate and engaged citizens to act. You have developed, nurtured and refined these qualities during your time at the University of Luxembourg. You have become the stewards of tomorrow.

Your university experience has changed you profoundly. Think of the diverse people you have met, the different points of view you have encountered and the new perspectives that you have gained. These are precious elements that shall serve you well as you continue your education, or step into the workforce.

I hope that you will look back on this time with fondness, satisfaction and pride. I also hope that you feel a deep sense of belonging. The University community is your first professional network. Do not underestimate the value of the connections you have formed with your professors and peers. Today you are the beneficiaries, but tomorrow, you will have the opportunity to give back. We would very much like you to stay in touch to help cultivate our thriving alumni community together.

On behalf of all academic and administrative staff at the Faculty of Law, Economics and Finance, I congratulate you on your outstanding achievement and I wish you all the best for your next endeavours.

Well done!

ROBERT HARMSEN  
Dean, Faculty of Humanities, Education  
and Social Sciences

Dear graduates,

I would like sincerely to congratulate you on your graduation. The Faculty is proud of you and we wish you all the best for your future endeavours. Today is a day to celebrate, to recognise what you have achieved, and to share your achievement with the family and friends who have accompanied you on your journey. Enjoy the moment and be proud of all that you have accomplished.

The graduation ceremony not only marks the end of an important chapter in your life, it also marks the beginning of a new one, full of as yet unrealised, and maybe even unimaginable possibilities. The future is an open book, and while this may seem unsettling for some of you, I am strongly convinced that you have acquired the knowledge and skills necessary to navigate the future challenges that await you and to flourish as you meet them.

Your training in the humanities, educational and social sciences has taught you to accept responsibilities, to be passionate about your projects, and to be open to new challenges. It has also encouraged you to reflect critically, to be an informed citizen, and to be capable of contributing to positive social change. We would like to encourage you to make use of these skills, and we wish you every success and happiness as you move into the next stages of your personal and professional lives.

What distinguishes our Faculty is the fact that our topics and questions are based on people and society. This is also reflected in our Bachelor's and Master's programmes: many of you will become teachers, psychologists or social workers, others will work in the cultural sector, in European institutions or in NGOs, while still others may become entrepreneurs or work in the public sector. We are convinced that we have provided you with all the necessary tools to succeed, but the process of learning does not end with the handing over of your diploma. Learning is a lifelong process, as you will be called upon to adapt to ever-changing circumstances. We hope, during your time with us, that you have not only further developed your skills, but also cultivated an abiding intellectual curiosity that will be a source of both resilience and enrichment as you encounter life's many unpredictable twists and turns.

Student life is not only about learning and preparing oneself for the future, it is also about making friends for life and discovering new interests. These are unique and formative years that will be a source of fond memories for the rest of your lives.

We sincerely hope that you have enjoyed the experience of being a student at the University of Luxembourg and that you will stay in touch with us as alumni.

# UNIVERSITY OF LUXEMBOURG COMPETENCE CENTRE

Prof Philippe HILIGSMANN  
Head of the Competence Centre and Vice-Rector for Academic and Student Affairs

**Dear graduates,**

On behalf of the University of Luxembourg Competence Centre, we extend our heartfelt congratulations on your well-deserved success and graduation.

Today is the celebration of your dedication, perseverance, and ambition. Whether you have completed the Bachelor in Accounting and Taxation, the Bachelor in 3D Computer Animation, or the Certificate in Management for the Hospital and Healthcare Sector, this milestone stands as a testament to your commitment to excellence and your determination to succeed. You may take great pride in this accomplishment.

Your academic journey has also been shaped by the collaboration, mentorship, and shared discovery that define university life. The friendships you have formed and the guidance you have received from lecturers and mentors have contributed to your growth – not only as professionals, but as reflective, resilient individuals prepared to face the challenges ahead.

Your graduation coincides with a new chapter for the Competence Centre itself. Now fully integrated into the University of Luxembourg, the Competence Centre reflects the University's commitment to elevating academic continuing education from a secondary mission to a core mission. We are pleased to see our students and graduates embrace this evolution with enthusiasm, affirming the growing importance of lifelong learning within higher education. You represent the success of this mission – individuals ready to lead, innovate, and contribute meaningfully to society.

As you embark on your next chapter, remember that learning does not end with graduation. It is a continuous pursuit – one that will enrich both your personal and professional life. On behalf of the Competence Centre and all members of our academic community, we extend our warmest wishes for your continued success and fulfilment. We look forward to hearing about your future achievements and the paths you will forge.

# DOCTORAL GRADUATES

PROF. SIMONE NICLOU  
Vice-Rector for Research  
University of Luxembourg

My warm congratulations to the 2025 class of Doctoral Graduates from the University of Luxembourg!

Today is a most special day for you, for your family and your friends, but also for the University, your supervisors and colleagues who have accompanied you on this journey. The past years represent likely a powerful and enriching experience for you and I am proud to grant you today the title of Doctoral Graduate of our University.

The contribution of doctoral candidates to the University's research mission and its position as a research university is essential. A doctorate is hard work but equally rewarding. It is about acquiring knowledge through research, adopting scientific rigor and methodologies, being creative and questioning old certainties, pushing the boundaries. Last but not least it is about the pleasure of scientific curiosity and discovery.

Your doctorate diploma certifies that you have achieved and learned much. It provides you with an excellent basis for your future, wherever life will take you. It also places on you the responsibility of a mature and ambitious personality, the responsibility to apply your expertise and scientific judgement to the benefit of society.

I would like to thank you for the trust you have placed in the University of Luxembourg and for your contribution to our research mission. It has been a privilege and pleasure to have you as part of our community. We invite you to stay in touch as an ambassador and alumni of our University.

You will receive a short questionnaire about your experience at our University, and we would appreciate your participation. Your input will provide valuable information for us to further enhance the quality of doctoral studies.

With my best wishes for a successful and fulfilling continuation of your career!
